

Your local Service & Repair Centre

Covering all major manufacturers
Ultrasonic Cleaners, Washer Disinfectors,
Autoclaves, Air Compressors

Introducing our new low cost service and repair option at our Stirling based workshop. This is aimed to provide our customers the chance to avoid call out fee's or contracts but yet still have the peace of mind knowing your equipment is serviced by a fully trained and accredited engineer.

Benefit from:

- £59 per fault diagnosis*
- No on-site disturbance
- Rapid 2 day turnaround†
- Loan equipment availability

* Based on typical one hours diagnosis. Based on a service request.
† 2 days in workshop, excludes shipping logistics, all subject to scheduling.

Here's how it works...

Step 1

Call us on
01786 460 600 to

- Confirm make, model & serial number of equipment
- Confirm any fault or issue you may have with it
- Select a work type: Service, Repair and/ or Pressure Vessel Inspection†
- Confirm if you require a loan unit

† If applicable

Step 2

We will

- Arrange collection either by courier or passing engineer
- Diagnose the fault or service required and quote
- On go ahead provide an estimated return date

Step 3

And then we

- Return your equipment and collect loan unit
- Provide a service report detailing the work carried out sent via e-mail
- Provide an option of accessing our unique COMPLY-SAFE™
- Set a automatic reminder for the following years service

£99 +VAT

Units displayed above are indicative of price bracket.

“I used Dolby's return to base offering in August 2016. I was impressed with the service turnaround time and cost savings against calling an engineer to my practice. All with very little disruption as a like for like loan unit was provided.”

Fiona, Fiona C. Morgan Chiropody Ltd.
